

**University of Tehran**

**Faculty of Psychology and Clinical Sciences**

December 14, 2014

To the Admissions Committee, University of Toronto, Canada,

I am very happy to be writing a letter of support for Ms. Maryam Vosooghi Rad, who is applying to your master's program in Clinical Psychology.

Maryam took my course in clinical psychology last summer and received an "A." the course required an intake interview, a written report of the interview, and a focal conflict analysis of a person based on a biography. Annmarie demonstrated an ability to learn and apply fairly sophisticated psychotherapy concepts through these assignments. She also showed herself to be a savvy and sensitive interviewer in our in-class practice sessions.

I believe that Maryam will do very well in a master program and that she will make an important contribution to bettering the lives of others. I strongly recommend her to your program.

Sincerely,  
Mahmoud Hoshyari, Ph.D.  
Chair and Associate Professor  
of the Department of Psychology

Please do not hesitate to contact me at : [mahmoudhoshyari@ut.ac.ir](mailto:mahmoudhoshyari@ut.ac.ir) for further information regarding her.
